

**AMAN-International Foundation present at the "Africa Day 2011" celebration sponsored by the German Federal President**

**Berlin (25.05.2011) - For several years now, FAI officials have been invited to the "Africa Day 2011" celebrated in a convivial way with a lot of traditional and modern music as in African countries and in countries friendly to Africa. This year, the President of the Federal Republic of Germany honored this event with his presence.**

Indeed, this year the festivities were marked by the effective presence of the German President Christian WULF who expressed - on the occasion of his solemn speech - his own vision for Africa, his interest for this promising continent in terms of development, but especially the will of his country to intensify relations with Africa. In this context, President WULF announced that he would soon hold a meeting with the African diaspora in Germany.

Among the guests of a short list of personalities invited to the Africa Day 2011, the Founding President of the AMAN-International Foundation. She was pleased with the clear willingness of the German authorities to cooperate with the African continent, but also with the closeness to the representatives of the civil society in Germany.
