

Solidarity action of the AMAN-International Foundation

FAI donates to the Ministry of Solidarity and War Victims of Côte d'Ivoire

Abidjan (22.02.2008) - A delegation of the AMAN-International Foundation (FAI), led by its Founding President Marie Ginette AMANI, has undertaken a visit to the "Solidarity and Humanitarian Action" Unit of the Ministry of Solidarity and Victims of War (MSVG) located at Deux Plateaux (Vallon) in Abidjan.

This visit is part of the research and strengthening of partnerships with institutions involved in humanitarian and development actions.

The AMAN-International Foundation has had a rich collaboration with the Ministry of Solidarity and War Victims during 2007 on several of its major programs, such as the "Heart Cruise" (FAI-CdC), the "Humanitarian Corps" of the AMAN-International Foundation (FAI-CH) and the "International Humanitarian and Development Fair" (FAI-SIHD).

In order to remain faithful to its mission "Humanitarianism in everyday life", the AMAN-International Foundation has decided to get closer to the technical services of the MSVG in charge of humanitarianism in order to promote a better deployment of its actions in the field. According to Marie Ginette AMANI: "Humanitarian disasters are a daily reality in developing countries - like in Côte d'Ivoire. It is our perseverance and the combined efforts of all humanitarian actors that will allow us to slightly reduce poverty and restore human dignity".

The AMAN-International Foundation delegation was welcomed in the premises of the "Solidarity and Humanitarian Action Unit" (CSAH) of the Ministry, headed by the Minister of Solidarity and Victims of War, Louis André DACOURY-TABLEY, who wished to give this visit its official character.

The representatives of the FAI were given a guided tour of the premises of this unit and were informed of its missions and daily activities.

To materialize the collaboration between the Foundation and the Ministry, the FAI made a symbolic donation of clothes that the cell will distribute to the needy families it has already identified.

This official visit took place in very good conditions to the great satisfaction of the Minister, the members of the cell and the delegation of the AMAN-International Foundation.
