**Abidjan (08.12.2007) - On the occasion of the awarding of the Gold Prize for Philosophy, the AMAN-International Foundation (FAI) received, to its great surprise, the Honorary Prize of CAPHICI (Club of Friends of Philosophy of Côte d'Ivoire).**

For its multiple actions in favor of young people, among others the multiple aids for the support of socio-cultural activities, donations of scholarships, food and non food aids, counseling and psychosocial assistance as well as for its different programs of "Capacity Building" (FAI-RENCAP), FAI has been - for the second consecutive time - awarded this year.

After the Union de la Jeunesse de Côte d'Ivoire (UNAJECI) which awarded the Foundation the "Prize for the Best Social Assistance Foundation", it is now the turn of the "Club des Amis de la Philosophie de Côte d'Ivoire" to give a special prize to the AMAN-International Foundation.

This new edition of the "Prix d'Or de Philosophie" organized every year by CAPHICI, was celebrated at the University of Cocody in Abidjan in front of a crowd of students and distinguished guests.

This year, FAI once again supported this program to reward the best students with the highest marks in philosophy. The FAI has made important donations, notably in the form of scholarships, to the distinguished young people.

At the time of the award, FAI itself was surprised to be called to the podium to receive an award. It is in recognition of its support that CAPHICI decided to award the "CAPHICI 2007 Honorary Prize" to the AMAN-International Foundation.

This initiative of CAPHICI was welcomed by the leaders of FAI, whose Founding President was represented at this event by one of her closest collaborators, Don Gamaliel N'CHOH, who said he was honored by this award from the intellectuals of Côte d'Ivoire.

The ceremony was organized by CAPHICI in partnership and with the support of the Presidency of the Republic of Côte d'Ivoire, the National Institute of Social Training (INFS), the Ministry of Tourism and Handicrafts of the RCI, the City Hall of Cocody-Abidjan and the University of Cocody.
